This document is intended as a guide to measures required under the Atlantic Large Whale Take Reduction Plan. This document is not the legal document detailing the regulations. Interested and affected parties can find the regulations at 50CFR229.32 or at the whale plan website www.nero.noaa.gov/whaletrp/

CONFIGURATION OF TRAP/POT GEAR

This graphic depicts a general trap/pot gear configuration, which may vary. Please see individual ALWTRP Management Areas for information regarding specific weak link, gear marking and/or any other ALWTRP requirements.
