The United States Report on the Operation of the 10 Percent
Exemption
Annual to the Mesh Regulation 1964

The 10 percent annual exemption to the mesh regulation has been in effect for 7 years. Data for the first 4 years (1958-1961) were reported on the basis of the operating period ending 1 September. The years since 1961 represent data based on a calendar year, i. e., 1 January to 31 December.

The number of vessels having in effect a 10 percent exemption certificate at the end of each year is shown below.

	1958	1959	1960	1961	1962	1963	1964
No. of Certificates	23	36	43	73	69	46	43

About the same number of vessels held certificates in 1964 as in 1963. For the period January 1, 1964 to December 31, 1964 there were 83 new certificates issued, 192 suspensions, 53 renewals, 144 reinstatements, 11 expired. 12 vessels were sold, 7 sank, and 0 vessels had over 10% in violation. Table 1 shows the number of vessels in each tonnage class having in effect exemption certificates at the end of each year. In all years, the 51 to 100 ton vessels held the greatest number of certificates. Tables 2 and 3 give a summary of the haddock landings by registered,

non-registered, and 10 percent annual exempted vessels in 1964 from Subarea 5, and all Subareas, respectively. The percentage taken by cod and haddock vessels increased slightly in 1964. Tables 4 and 5 indicate the number of trips and species composition of landings of 10 percent exempted vessels during the years 1958 through 1964, in Subarea 5 and all Subareas.

The number of trips made by exempted vessels increased each year for 1958 and 1963, but dropped considerably from 1963 to 1964, as did the landings.

The percentage of haddock in the landings of these vessels also decreased from 1963 to 1964. There were no violations of the 10 percent exemption recorded in 1964. From 1959 to 1964 the percentage of haddock in landings of exempted vessels has been well under 10 percent.

Table 1. --Number of 10 percent annual exemption certificates by tonnage
in effect at end of year.^{1/}

Gross tons	Class	1958	1959	1960	1961	1962	1963	1964
0 - 25	OTS	1	0	0	0	1	0	0
26 - 50	OTS	5	9	9	10	11	9	11
51 - 100	OTM	7	12	21	39	36	26	20
101 - 150	OTM	2	4	5	13	12	5	4
151 - 200	OTL	7	6	7	10	8	6	7
Over 200	OTL	1	1	1	1	0	0	1
Total		23	36	43	73	69	46	43

^{1/}--1958 through 1961 period through September, 1962 - 1964 for period
January - December.

Table 2. --Analysis of haddock landings by type of certificate,
Subarea 5, 1963 - 1964.

	1964		1963	
	Haddock Landed (000's lbs)	Percent Haddock	Haddock Landed (000's lbs)	Percent Haddock
Registered cod and haddock vessels	85,800	85.5	79,118	83.7
Non-registered cod and haddock vessels	14,576	14.5	15,359	16.3
10% annual exempted	3,034	3.0	5,865	6.2
Other otter trawl	8,530	8.5	6,881	7.2
Other gear	3,012	3.0	2,613	2.8
TOTAL	100,376	100.0	94,477	100.0

Table 3. --Analysis of haddock landings by types of certificates,
All Subareas, 1963 - 1964.

	1964		1963	
	Haddock Landed (000's lbs)	Percent Haddock	Haddock Landed (000's lbs)	Percent Haddock
Registered cod and haddock vessels	101,118	86.5	91,272	84.1
Non-registered cod and haddock vessels	15,784	13.5	17,286	15.9
10% annual exempted	3,304	2.8	6,394	5.9
Other otter trawl	9,468	8.1	8,279	7.7
Other gear	3,012	2.6	2,613	2.4
TOTAL	116,902		108,558
