

Before the meeting on July 10, someone will be in the parking lot to check people in. Visitors coming after 8:45 must check in at the Fisheries main building to obtain a visitors pass (166 Water Street; see map). The meeting is in the Aquarium building.

Those with vehicles must also obtain a parking pass.

Parking is extremely limited, so please carpool as much as possible. Park between the main building and aquarium (as indicated on the map below) through the gated entrance between the buildings. The gate should be open.
