

# OPEN HOUSE

James J. Howard Marine Sciences Laboratory  
Sunday, May 17, 2015  
11am to 3pm

Visit the Laboratory to learn about its latest research, meet its scientists, and view exciting exhibits. The Open House will showcase:

- The Laboratory's 32,000-gallon research aquarium
- Touch tanks filled with local live fish and crabs
- An interactive virtual fly-through of the Hudson Canyon
- NOAA's Northeast Fishery Observer Program
- NOAA's Northeast Cooperative Research Program
- NOAA's New Jersey Port Agents
- Scientific posters and exhibits pertaining to ocean acidification, deepwater habitats, marine organic contaminants and lipids, the marine life of submarine canyons and deepwater basins, and young fish and the environment
- And Laboratory scientists who are happy to answer any questions and discuss their research!

LET US  
SHARE OUR  
SCIENCE  
WITH YOU!
