

**Table 2. Number of cells (fleet-species group), by SBRM performance classification (Not Applicable, Unknown, Met [filtered out], Not Met [filtered out], Met, and Not Met) for SBRM 2009 (July 2007 through June 2008), SBRM 2010 (July 2008 through June 2009), and SBRM 2011 (July 2009 through June 2010). The corresponding format key used in Tables 4 and 5 and the associated box number used Figure 1 are given.**

SBRM Performance Classification	Number of cells (fleet and species group)			Format Key to Tables 4 & 5	Box # used in Figure 1
	SBRM 2009	SBRM 2010	SBRM 2011		
<b>NOT APPLICABLE:</b> SBRM performance standard was not applicable. Variance of discard estimate was not available. Not considered in annual SBRM analysis.	120	15			1
<b>UNKNOWN:</b> SBRM performance standard was unknown. Variance of discard estimate was not used in annual sample size analysis due to no or insufficient observer coverage. Pilot coverage.	330	434	449	UNKNOWN	2, 3, 4
<b>MET (filtered out):</b> SBRM performance standard was met (CV <= 30%). Variance of discard estimate was not used in annual sample size analysis due to the importance filter (filtered out). Non-pilot coverage.	157	176	166	MET	5, 7b
<b>NOT MET (filtered out):</b> SBRM performance standard was not met (CV > 30%). Variance of discard estimate was not used in annual sample size analysis due to the importance filter (filtered out). Non-pilot coverage.	117	108	116	NOT MET	7a
<b>MET:</b> SBRM performance standard was met (CV <= 30%). Variance of discard estimate was used in annual sample size analysis. Non-pilot coverage.	35	28	34	MET	6, 9
<b>NOT MET:</b> SBRM performance standard was not met (CV > 30%). Variance of discard was used in annual sample size analysis. Non-pilot coverage.	21	19	15	NOT MET	8
Total (15 SBRM species groups x 52 fleets)	780	780	780
